

# Find the Area

Find the area of the quarter circle.

$A = \frac{\pi \times r^2}{4}$   
 $3.14 \times \text{[ ]}^2$   
 $A \approx \frac{\text{[ ]}}{4}$   
 $A \approx \frac{\text{[ ]}}{4}$   
 $A \approx \text{[ ]} \text{ cm}^2$
