

Estimating and rounding

Is the sum greater or less than the given estimate? Use the correct inequality sign to show your answer ($<$ or $>$)

$$106 + 392 \quad 500$$

$$287 + 314 \quad 600$$

$$501 + 194 \quad 700$$

$$519 + 185 \quad 700$$

$$109 + 286 \quad 400$$

$$100 + 90 \quad 200$$
