

Multiplying Fractions and Numbers

Use the images to solve the problem.

$$\frac{1}{2} \text{ of } 4 = \square \div \square = \square$$

$$\frac{1}{2} \text{ of } 2 = \square \div \square = \square$$

$$\frac{1}{3} \text{ of } 3 = \square \div \square = \square$$

$$\frac{1}{4} \text{ of } 12 = \square \div \square = \square$$

$$\frac{1}{2} \text{ of } 8 = \square \div \square = \square$$

$$\frac{1}{3} \text{ of } 9 = \square \div \square = \square$$
