

# Find the Area

Find the area of the semi-circle.

$A = \frac{\pi \times r^2}{2}$   
 $3.14 \times \square^2$   
 $A \approx \frac{\quad}{2}$   
 $A \approx \frac{\quad}{2}$   
 $A \approx \square \text{ cm}^2$

$A = \frac{\pi \times r^2}{2}$   
 $3.14 \times \square^2$   
 $A \approx \frac{\quad}{2}$   
 $A \approx \frac{\quad}{2}$   
 $A \approx \square \text{ cm}^2$

$A = \frac{\pi \times r^2}{2}$   
 $3.14 \times \square^2$
