

Comprendre la multiplication

Écris les multiplications et donne le résultat

$$5 \times 2 = \square \times \square = \square$$

$$3 \times 5 = \square \times \square = \square$$

$$4 \times 3 = \square \times \square = \square$$

$$4 \times 5 = \square \times \square = \square$$

$$2 \times 4 = \square \times \square = \square$$

$$2 \times 3 = \square \times \square = \square$$
