

## Poser une multiplication

Effectue ces multiplications et pense à la retenue

$$\begin{array}{r} \overset{\bullet}{3} \ \overset{\bullet}{4} \ 1 \\ \times \qquad \qquad 6 \\ \hline \square \ \square \ \square \ \square \end{array}$$

$$\begin{array}{r} \overset{\bullet}{5} \ \overset{\bullet}{7} \ 2 \\ \times \qquad \qquad 2 \\ \hline \square \ \square \ \square \ \square \end{array}$$

$$\begin{array}{r} \overset{\bullet}{7} \ \overset{\bullet}{7} \ 5 \\ \times \qquad \qquad 2 \\ \hline \square \ \square \ \square \ \square \end{array}$$

$$\begin{array}{r} \overset{\bullet}{3} \ \overset{\bullet}{3} \ 5 \\ \times \qquad \qquad 5 \\ \hline \square \ \square \ \square \ \square \end{array}$$

$$\begin{array}{r} \overset{\bullet}{5} \ \overset{\bullet}{8} \ 8 \\ \times \qquad \qquad 3 \\ \hline \square \ \square \ \square \ \square \end{array}$$

$$\begin{array}{r} \overset{\bullet}{4} \ \overset{\bullet}{8} \ 1 \\ \times \qquad \qquad 2 \\ \hline \square \ \square \ \square \ \square \end{array}$$
